

CSWC Operational Period Summary

0600 June 21 2014 to 1800 June 21 2014

Stony Fire, Monterey County. Photo Credit: KSBW Action 8 News

SITUATION SUMMARY

Reed Incident, Vegetation Fire, Calaveras County (Final)

Location of Incident: 320 George Reed Drive, San Andreas

Jurisdiction: SRA

Start Date/Time: 1527

- 109 acres, 100% Containment

Stony Incident, Vegetation Fire, Fort Hunter Liggett (DOD), Monterey County (Final)

The Stony Incident is burning on Federal property near Nacimiento-Fergusson Road and Stony Valley on Fort Hunter Liggett in Monterey County.

- 4,840 acres and 100% containment

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

FIRE WEATHER

NORTHERN CALIFORNIA:

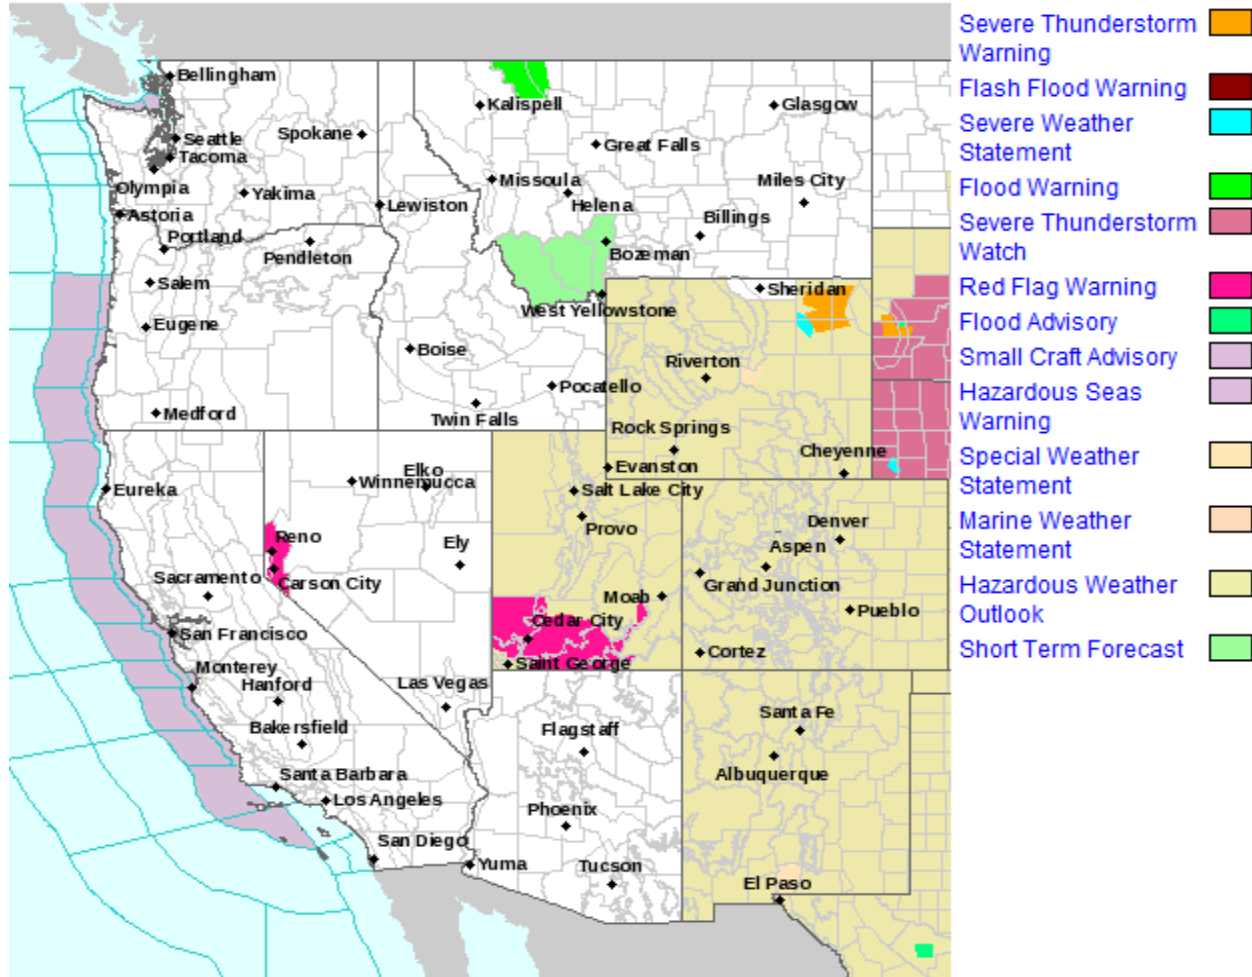

In general, a dry westerly flow aloft will be over North Operations through Tuesday. A few weak weather systems moving along in that westerly flow will pass through but it's mostly some cloudiness that is expected with them. There may be a somewhat stronger system move through Wednesday that would bring higher Relative Humidity to all areas and possibly a few light afternoon showers or very isolated thunderstorms across the northern mountains. Confidence in that scenario developing Wednesday is VERY low at this time. In the latter half of next week, a stronger low pressure trough will probably move ashore and across the region. There is much uncertainty regarding the timing and southern extent of this event, but it appears there will be a chance of showers in the Northwest areas Thursday night through Friday evening. For now, the best chance of rain appears to be north of a line from Point Arena to around Mount Shasta with most of wetting rain (≈ 0.01 inch) possible north of Shelter Cove in the coastal counties. Over the next 7 days, afternoon max temperatures in the 90s will prevail in the warmest inland valleys. There will also be periods of moderately strong, gusty, westerly afternoon winds. The coastal marine layer will continue to be quite variable in location and extent.

SOUTHERN CALIFORNIA:

There will only be minor changes in the weather through Tuesday as a weak ridge of high pressure remains stationary over California. Temperatures will cool a degree or two each day through Sunday and then warm a degree or two Monday and Tuesday. Maximum temperatures will mainly be in the mid 70s to mid 80s in the mountains and upper 80s and 90s in the valleys through Tuesday. Minimum humidity will continue to be in the single digits and teens above and inland from the marine layer through Tuesday. The marine layer will remain at around 1,000 feet deep. Afternoon and evening winds of 15 to 25 mph with gusts to 40 mph will surface across the desert passes through Tuesday. A strong Pacific trough for this time of year will drop down the West Coast bringing significant cooling and an increase in humidity to the region Wednesday through the end of next week. This trough will also bring strong westerly winds to the mountain ridges and desert passes. The marine layer will deepen and move into most coastal valley locations by the end of next week.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

CAL OES MISSIONS

New Cal OES Missions

- **2014-LAW-3907**, The Air Force Rescue and Coordination Center (AFRCC) reported a PLB sounding near Molo Mountain and Leavitt Peak, Tuolumne County. Cal OES Law Duty Officer briefed and is coordinating resources.

Ongoing Cal OES Missions

- **2014-LAW-3898**, Tuolumne County Sheriff's SAR team will participate in a multi agency helicopter training. The training will include orientation to the Helicopter and its capabilities. Participating agencies will include Calaveras and Stanislaus County. Stanislaus County will be providing the helicopter resource for this training event. The Cal OES LDO coordinating resources.
- **2014-LAW-3871, Update:** On 6/21/14, Ventura County's resource request for Saturday 6/21/14 increased to 40-45 Type II SAR personnel. LDO obtained the requested personnel from Kern, Fresno, Los Angeles, Orange and Santa Barbara County. San Luis Obispo County agreed to provide resources for Sunday, 6/22. These mutual aid personnel will augment about 45 personnel from Ventura County for planned searches. **Situation:** Ventura SO is requesting SAR mutual aid to assist in the search for a 34 year old off-duty Arcadia firefighter missing since Friday evening in the Los Padres National Forest, North of Fillmore, Ventura County. The MP was camping with a fellow fire fighter and, while at their camp, chased after his dog which had run off; he hasn't been seen since. His friend didn't report him missing until Sunday night, at which point an all out search was initiated with local resources. The mutual aid request is for 20-25 Type II/III ground searchers, 3 area K-9's (which Ventura has in county) and the use of the California Wing of the Civil Air Patrol (CAP) to be used as an aerial relay due to the drastic changes in elevation which is causing difficulty for operators to hit repeaters while communicating on radio's. San Luis Obispo, Kern, Orange, Los Angeles, and Fresno Counties all agreed to provide personnel.

CAL OES MISSIONS

Closed Cal OES Missions

- **2014-LAW-3846, Update:** On 06/21/14, Inyo County personnel, with the assistance of the US Forest Service and California National Guard, successfully recovered the missing person's body on the morning of 6/20/14. All mutual aid resources have been released. Mission closed.
Situation: Inyo County S.O. (ICSO) is requesting SAR mutual aid assistance to locate a missing 60 year old male last seen at 1845 hours on Sunday, 06/15/14, on the switchback above the trail camps on Mt. Whitney. The MP was descending the mountain with friends but they continued on without him as his pace slowed; they thought the MP would meet them back at camp but he never arrived. ICSO has been searching with local resources to no avail and are now requesting Kern County SAR to assist.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2679**, The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2478**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
